**ON AUGUST 22ND, THE CONSTRUCTION DIVISION OF YANYI GROUP WON THE BID FOR A 214 - MILLION - YUAN SEWAGE TREATMENT PROJECT IN WUJI, HEBEI.**

On August 22nd, Beijing Yanyi Engineering Management Co., Ltd., a subsidiary of Yanyi Construction Co., Ltd., successfully won the bid for the sewage treatment project of the Circular Economy Industrial Base for Leather Post-finishing in Wuji, Hebei, with a value of 214 million yuan. The winning bid was publicly announced on the "National Public Resources Trading Platform". This marks another successful case of cooperation between the construction division of Yanyi Group and local government platform companies, and it is also a typical example of the construction division undertaking large-scale projects, accumulating valuable experience for the engineering division of Yanyi Group in undertaking large-scale projects.

**ON AUGUST 16TH, YANYI GROUP WAS INVITED TO ATTEND THE 2023 EAST ASIAN YOUTH GAMES IN ULAANBAATAR.**

As a supporting unit of the 2023 East Asian Youth Games in Ulaanbaatar, Yanyi Group was invited to attend the opening ceremony of the East Asian Youth Games on August 16th! During the event, the group communicated and exchanged ideas with the leaders of the General Administration of Sport of China, and held business talks with sports goods distribution units from various countries, firing the first shot for the International Trade Business Division of our company to enter the sports goods market.

**ON AUGUST 2ND, THE AUSTRALIAN STANDARD CERTIFICATION OFFICER FROM SAI INTERNATIONAL CERTIFICATION GROUP CONDUCTED THE CERTIFICATION ANNUAL INSPECTION OF OUR COMPANY, AND OUR COMPANY SUCCESSFULLY PASSED THE ANNUAL INSPECTION.**

SAI International Certification Group is the largest certification company in Australia, and the Australian standard review is internationally recognized as strict. To ensure that our company's products and services can continuously meet the requirements of the Australian market, the Australian standard certification officer of SAI carried out a rigorous annual inspection and audit of our company at the beginning of the month. A detailed spot check was conducted on our company's production capacity and technical capabilities, as well as the company's management specifications and quality standard system. The certification officer spoke highly of our company's implementation standards and our company successfully passed the certification annual inspection. At the same time, some optimization suggestions were also put forward to our company, creating the necessary conditions for our company's high-quality products to expand into the international market.

**ON AUGUST 4TH, YANYI INTERNATIONAL TRADE PARTICIPATED IN THE MEETING OF THE CROSS-BORDER E-COMMERCE ASSOCIATION.**

Yanyi International Trade was invited to attend the Hengshui Cross-border E-commerce Association Conference and was honored with the title of "Founding Council Member of Cross-border E-commerce." In the forthcoming development plans, Yanyi International Trade will collaborate closely with the Hengshui Cross-border E-commerce Association to jointly advance in the field of cross-border e-commerce. This milestone signifies that Yanyi International Trade's corporate strength and influence have once again received professional recognition.

**ON AUGUST 4TH, YANYI INTERNATIONAL TRADE ATTENDED THE CROSS-BORDER E-COMMERCE ASSOCIATION MEETING.**

On August 8th, the Delute brand unveiled a new addition to its product line—the 98 integrated sliding and tilt-turn window, which has been successfully developed and installed in the company's product exhibition hall. This product features a sliding opening mechanism and a press-type seal for the entire sash, allowing for normal operation without encroaching on indoor space or interfering with the use of curtains. Moreover, our products offer greater flexibility and superior sealing performance.

On August 27th, the Delute three-plus-two sliding door (comprising three-track glass panels and two-track screen panels) was successfully assembled and tested in the workshop. This sliding door series includes the 165, 200, and 265 models of sliding doors, paired with one-track and two-track sliding screen doors. Customers can choose from product combinations such as "two-plus-one," "three-plus-two," "four-plus-one," and "four-plus-two," available in both conventional and narrow-frame sliding options.

These products are ideally suited for a variety of settings, including scenic view rooms, balconies, and terraces, and are highly compatible with the high-end markets of North America, Europe, and domestic regions.

The continuous launch of numerous new products is a testament to Delute's prowess in product development and marks yet another instance of the company's leadership in product innovation within the market.

**ON AUGUST 15TH, YANYI INTERNATIONAL TRADE SIGNED A STRATEGIC COOPERATION AGREEMENT WITH CUSTOMERS FROM ZAMBIA.**

The customers from Zambia made an on-site inspection of Yanyi Group this time and signed several strategic cooperation agreements for the purchase of doors, windows, glass, etc. Riding on the favorable trend of the Belt and Road Initiative, the international trade division of the group has introduced the group's high-quality products into Africa, creating a good demonstration effect for promoting the expansion of Yanyi International Trade in the African market.

**ON AUGUST 29TH, MR. WILLIAM, A CUSTOMER FROM COLOMBIA, CONDUCTED AN INSPECTION OF OUR COMPANY AND ENGAGED IN STRATEGIC COOPERATION NEGOTIATIONS.**

The customer has been engaged in the door and window business in Colombia for more than 30 years since his father's generation, and he is very professional in the production and processing of doors and windows. The purpose of his inspection of our company this time is to improve the supply chain of his large category of building materials. Through the inspection of our company, he spoke highly of our company's production capacity and product quality, and also had exchanges on details such as product quotations and future strategic cooperation.
